

# **PROJECT TITLE**

## **A MINI PROJECT REPORT**

*Submitted by*

**STUDENT1 NAME [REG NUM]**

**STUDENT2 NAME[REG NUM]**

**STUDENT3 NAME[REG NUM]**

*Under the guidance of*

**Faculty Name**

(Designation, Dept name)

*In partial satisfaction of the requirements for the degree of*

**BACHELOR OF TECHNOLOGY**

in

**COMPUTER SCIENCE & ENGINEERING**

**With specialization in <.....>**

**SRM**  
INSTITUTE OF SCIENCE & TECHNOLOGY  
Deemed to be University u/s 3 of UGC Act, 1956

**SCHOOL OF COMPUTING**

**COLLEGE OF ENGINEERING AND TECHNOLOGY**

**SRM INSTITUTE OF SCIENCE AND TECHNOLOGY**

**KATTANKULATHUR - 603203**

**APRIL 2023**

COLLEGE OF ENGINEERING & TECHNOLOGY  
SRM INSTITUTE OF SCIENCE & TECHNOLOGY  
S.R.M. NAGAR, KATTANKULATHUR – 603 203

## **BONAFIDE CERTIFICATE**

Certified that this project report “ **Title of the Project**” is the bonafide work of “ **Name and Reg No of students**” of III Year/VI Sem B.tech(CSE) who carried out the mini project work under my supervision for the course 18CSC303J- Database Management systems in SRM Institute of Science and Technology during the academic year 2022-2023(Even sem).

### **SIGNATURE**

Faculty name  
Faculty Designation  
Department name and seal

## **ABSTRACT**

Abstract must be a single paragraph in times new roman 14pt with a maximum of 300 words.

# TABLE OF CONTENTS

| <b>Chapter No.</b> | <b>Title</b>  | <b>Page No.</b> |
|--------------------|---|-----------------|
|                    | <b>ABSTRACT</b>   | <b>iii</b>      |
|                    | <b>TABLE OF CONTENTS</b>                                | <b>iv</b>       |
|                    | <b>LIST OF FIGURES</b>                                  | <b>v</b>        |
|                    | <b>LIST OF TABLES</b>                                   | <b>vi</b>       |
|                    | <b>ABBREVIATIONS</b>                                    | <b>vii</b>      |
| <b>1</b>           | <b>INTRODUCTION</b>                                     | <b>1</b>        |
| 1.1                | Introduction  | 2               |
| 1.2                | Problem statement                                       | 3               |
| 1.3                | Objectives  | 4               |
| 1.4                | Scope and applications                                  |                 |
| 1.5                | General and Unique Services in the database application |                 |
| 1.6                | Software Requirements Specification                     |                 |
| <b>2</b>           | <b>LITERATURE SURVEY</b>                                | <b>5</b>        |
| 2.1                | Existing system   | 5               |
| 2.2                | Comparison of Existing vs Proposed system               | 10              |
| <b>3</b>           | <b>SYSTEM ARCHITECTURE AND DESIGN</b>                   | <b>15</b>       |

## LIST OF FIGURES

| <b>Figure No.</b> | <b>Figure Name</b>                  | <b>Page No.</b> |
|-------------------|-------------------------------------|-----------------|
| 4.1               | Sample lesions from each class      | 13              |
| 4.2               | File structure of dataset           | 13              |
| 4.3               | Diagnosis Techniques Plot           | 15              |
| 4.4               | Number of data points of each class | 16              |
| 5.1               | Overall Architecture Diagram        | 32              |
| 5.2               | Difference between UI & UX          | 33              |
| 5.3               | Ionic Framework                     | 34              |

## LIST OF TABLES

| <b>Table No.</b> | <b>Table Name</b>                    | <b>Page No.</b> |
|------------------|--------------------------------------|-----------------|
| 2.1              | Thresholding segmentation input      | 4               |
| 2.2              | Computer Vision Pipeline             | 5               |
| 3.1              | ROC curve CNN and dermatologists     | 8               |
| 3.2              | Confusion matrix with CNN vs doctors | 10              |

# ABBREVIATIONS

|            |                              |

# CHAPTER1

## INTRODUCTION

### 1.1 Subtitle 1

Font style for entire report must be times new roman. Chapter number and title must be capitalized with font size of 16pt bold. Subtitle 1 is 16pt with each word capitalized with bold. Subsection under a subtitle is 12pt with bold, each letter capitalized. All the content of the document is 12pt size with 1.5 Spacing. Left margin 1 inch and right margin 0.5 inch. Use justify option for both left and right alignment. A paragraph may contain maximum of 12 lines and an empty space to be left between each paragraph.

All figures must be numbered with corresponding chapter number like Fig 1.1, Fig 1.2 etc for chapter 1 and Fig 2.1, Fig 2.2 etc for chapter 2 and so on.. with figures in center alignment and the caption to be mentioned below the figure.

**Fig3.1:ROCcurveCNNanddermatologists**

All tables must be numbered with corresponding chapter number like Table 1.1, Table 1.2 etc for chapter 1 and Table 2.1, Table 2.2 etc for chapter 2 and so on.. with tables in center alignment and the caption to be mentioned above the Table.

**Every chapter must start in new page.** Page numbers are started from chapter 1 and to be included till the end of the report. Page numbers can be given at the bottom of the page with center alignment.

All references must be cited inside the text with sequential numbers[1] and to be listed in the same order in references. Two articles can be cited as [4,5] and multiple references can be cited as [7-10]. **Minimum 15 references to be included.**

**Total number of pages in the report is minimum 30 excluding coding and screenshots.**
