

MINI PROJECT

Review 3 Guidelines

1. Review 3 will be conducted by the theory handling faculty member between 18/04/2023 to 28/04/2023.
2. Marks Allocation for Mini Project - **CLAT4: 5 marks and CLAP4: 5 marks**
3. The schedule given by the faculty for review should be strictly followed by the student team.
4. Students have to show **100% project demonstration** for 10 minutes and submit project report for review 3.
5. The **final project report** (soft Binding –one report per batch) as per the circulated format has to be submitted to the faculty.
6. The student has to get the final project report approved and signed by the faculty with department seal.
7. The student has to scan and submit the signed (with department seal) hardcopy report in assignment created by the faculty in the respective LMS.
8. All team members should be available during the demonstration. Individual student assessment will be made.
9. The final project report should be properly aligned and formatted with minimum of 35 pages of content (excluding coding). Chapters should contain detailed content in all the sections and subsections. Include only main coding part in the report. All figures and tables to have proper explanation and headings.

10. **Evaluation Criteria** for Review 3:

|                         |                   |
|-------------------------|-------------------|
| Coding and Testing      | : 10 marks        |
| Demonstration           | : 10 marks        |
| Results and Discussions | : 5 marks         |
| Total                   | : <b>25 marks</b> |

On time Report Submission and Report preparation as per the guidelines: **25 marks**
